

3/5/2021.

Members of The Judiciary Committee, I am writing regarding H.B. 6355 An Act Concerning Risk Protection Orders or Warrants. This bill is easily abused and nothing more than a mask over a gun grabbing agenda. Which back fired in Australia a couple years ago; when they banned private ownership of firearms, and confiscated all guns. The results? One year later, gun murders nationwide in Australia was UP 48%. We have in existence our current laws written making offenses with firearms illegal, as well as domestic violence offenses. Please make harsher penalties for offenders of our current Red Flag Laws and do not target law abiding citizens. Stripping people's ability to defend themselves personally and legally is in direct contradiction to the Connecticut Constitution: Article 1: Section 15 "Every citizen has a right to bear arms in defense of himself and the state." Please OPPOSE H.B. 6355 AN ACT CONCERNING RISK PROTECTION. Besides, you may need our citizen gun owners to defend you and our state against the foreign terrorist drug cartel army walking in from the South on the President's invitation.

Also, please SUPPORT H.B. 6491 AN ACT CONCERNING NONLETHAL ELECTRONIC DEFENSE WEAPONS; to make nonlethal electronic defense weapons legal.

Sincerely,

Willard Bechter
